

## Workshop: What's it worth to you?

This is a chance for you to start thinking about the mixture of characteristics that make Water Lilies unique and what they're worth to you. If you had to prioritise certain characteristics in terms of their value to you, how would you rate them? As a group, divide total value represented as 100% and split amongst the 10 characteristics (e.g. 5% out of 100% for 'Covered car and bicycle parking', 20% for 'Zero carbon, sustainable, super comfortable home', etc.)

<b>Characteristic</b>	<b>What's it worth to you?</b>
Bespoke architect designed home	%
Doing a self-build with handheld support and community spirit	%
Co-owned co-working and community space	%
Shared garden at the core / car-free space	%
Covered car and bicycle parking	%
Zero carbon, sustainable, super comfortable home	%
Spaces for flexible use	%
Private gardens	%
Connection to nature	%
Likeminded neighbours	%
	100%
